

Copyright

For now these documents will only be available at this forum tread at hw.no:

<http://www.diskusjon.no/index.php?showtopic=616926&hl=>

Sooner or later when I feel the documents are more finished, I'll change the copyright and choose an open licence that works as the GPL licence.

The copyright must be available everywhere any of the documents is published!

The main purpose of this documents is to share, improve and spread information on how to use Ubuntu, or Linux in general to make it as easy as possible for beginners to make themselves comfortable with Ubuntu and Linux.
